

WELLHEAD PROTECTION AREA
INVENTORY OF POTENTIAL CONTAMINATION SOURCES
 PLACE A NUMBER NEXT TO EACH CATEGORY THAT YOU IDENTIFY IN YOUR WELLHEAD PROTECTION AREA. PLACE A CORRESPONDING NUMBER ON THE DELINEATION MAP AT THE LOCATION OF THE SOURCE. NOTE: BECAUSE OF THE MAP SCALE IT MAY NOT BE POSSIBLE TO PLACE A MARK ON EVERY SEPTIC TANK OR OTHER POTENTIAL CONTAMINATION SOURCE - THE CIRCLE AND NUMBER ONLY REFLECT THE AREA WHERE THESE ARE LOCATED AND NOT THE NUMBER OF SOURCES.

- | | | | |
|-----------------------|-------|--------------------------------------|-------|
| MAJOR HIGHWAYS | _____ | ABANDONED WELLS | _____ |
| MAJOR RAILROADS | _____ | ABOVEGROUND STORAGE TANK | _____ |
| MILITARY BASE | _____ | AIRPORT | _____ |
